

Parish Weekend Away

30th May to 1st June

I appreciate that a weekend away is a significant investment in both time and money from both individual members, and as a church family as a whole, but **we're convinced it's worth it !!!!** It is such a valuable time to build community and relationships with both those within the regular group of people we know (congregations), but also with others in our church family (across generations and demographics- we want to be inter-generational).

It is a "valuable time" and we are so glad to be able to GET AWAY again after a couple of years of not doing so (we only get away like this once every few years as it is a big cost). The primary purpose of a weekend away like this is to focus on quality time building relationships around Gods word- we will have a relaxed program with lots of time to mix and have fun.

Guest Speaker: Graham Stanton speaking on Romans

(Graham is the **founding principal of Youthworks College** and currently teaches at **Ridley College** in Victoria in the area of Youth Ministry). The Stanton family are known personally to many within the church as they were members of this church in the 2010s. We invite Graham not really because he is 'known, respected and loved by us' (he is) but because he is an expert and respected figure in ministry especially to the young and the next generation- he has just completed a season of studies on passing on the gospel to the next generation and he has been asked to speak on his research findings through the theological lens of Romans. The need for the gospel for the next generation has never been stronger or more acute than now! and we are hungry to learn and consider what we're currently doing and how we might continue to be able to share the **lifechanginglove** of Jesus from one generation to the next!

Nathan Sandon

Arrive Friday 30th May from 5pm, finish Sunday 1st June 3pm
Waterslea (Youthworks Shoalhaven)
439 Koloona Drive, West Cambewarra, NSW 2540
(just west of Nowra - approximately 1.5 hours south of Austinmer)
